

International Council for Industrial Security, Safety & Management

ICISSM/Partner/2025

Date: 08th October 2025

Subject: Offer for conducting on-site Training on Industrial Security Management

**Dear Director (HR),
Head of Training,
Security Chief,**

Dear Sir,

Every role in security carries weight. But some roles demand an even deeper sense of responsibility — the responsibility to protect lives, leadership, and legacies. Therefore, security personnel are to be training regularly to hone their skills and update their knowledge.

We are glad to introduce ICISSM as a security and safety professionals' forum that works towards creating an open platform for security and safety professionals to share their knowledge and expertise. With the membership of more than seven thousand working security and safety professionals from all over the world, the training conducted by its world-renowned Master Trainers carries lot of respect and recognition in the fraternity.

The high-value training from ICISSM is imparted with specially designed training modules keeping in mind the Managements' organizational objectives of the training to its security personnel and the individual's objectives towards their training needs. The courses are so designed that they meet the requirements and aspirations of security personnel at various levels of leadership.

We offer following training modules to “professionalize the professionals”-

- Certification Course (on-line) - Certified Security Professional/ Manager (CSP/CSM)
- Certification Course (at customer locations) - two weeks
- Foundation Course for security executives (at customer locations) - four days
- Refresher Course for Security officers (at customer locations) - three days
- Refresher Course for Security Guards and Supervisors (at customer locations) - three days

The trainings imparted by ICISSM will have discernible benefits: -

- Provides in-depth subject knowledge.

web-site: <http://onlineicissm.wix.com/icis>

- Allows the learnings and 'take homes' to be incorporated in day-to-day professional work and discharge of duties with conviction and confidence.
- Case studies encourage the application of new leanings to be applied on ground with modifications to specific needs.
- Certification allows instant recognition in fraternity and by the peers.
- The enrolled personnel for above trainings are made **Associate Members** for the one calendar year and are sent ICISSM monthly newsletters and inducted as members to our LinkedIn and Google Groups.
- The Certificate Holders are also inducted as members in our WhatsApp / Telegram and LinkedIn groups – exclusive groups of select professionals where membership is only by invitation.
- We will regularly send information to our members on forthcoming conferences, workshops and seminars to ensure that they remain on learning trajectory.

Towards above goals, we are pleased to share with you our training details of various modules. As mentioned above, the training by Industry Leaders through ICISSM will upgrade knowledge and skills and instill self-confidence and pride in your security personnel and will boost their morale.

We look forward to positive response on this from your esteemed organisation.
With kind regards

Capt SB Tyagi
